Letter No. A5 1696/42-43 dt 3 11 43

Requests sanction for waiving the Audit objection for short recovery of Rs 59-2-0 under octroi in the accounts of the Seringapatam municipality for the year 1927-28.

As the connected Audit objection has not been enclosed with the papers

2) It is stated that it was an account of clerical error committed by the then Hd Clk that the mistake has arisen as they were illiterate. For 10,000/-, the figure 1,00,000 has been written under Coconuts etc The President further states that neither the receipts nor the octroi Cash book is available In the absence of these two records, the fine is only an inference but it is supported by the other verification of Statistics for the years 1927-28 to 1931-32 that there appears to be no possibility of receiving 9,000 coconuts and 50,00,000 cigarettes in one consignment The proposal to waive the objection is for orders.

6) The subject matter relates to short recoveries pointed out in the Audit Note for 1928-29 after an examination of the connected records, viz , the receipt counterfoils, and the Octroi Day Book No action was taken to enquire into the matter and remedy the objection with the consequence that the objection had to be repeated in the Audit Notes of each successive year It is after a delay of 12 years that some attention seems to have been bestowed to look into the matter and while replying the Audit Note for 1939-40 (which is even now awaiting final disposal by the Municipality it was replied that the quantities noted in the receipts were not correct, which was due to clerical errors and that the objection might be withdrawn The particular records, viz the receipt book and the Day books on which the objection was based are not now forthcoming for a re-examination The explanation that there was no single instance of import of such large consignments as borne out by the statistical records and that the quantities noted in the particular receipts were consequently clerical errors are based on presumptions which cannot be acted upon in audit

Sir,

Sub - Audit objection of the year 27-28 for short recovery of Rs 59-2-0 under Octroi

In forwarding herewith the report No H C 84/42 dated 14-7-43 of the President, Seringapatam Town Municipality together with its enclosure on the above subject, I have the honour to state that the Comptroller while auditing the accounts of the year 1927-28 has stated that there was difference of Rs 59-2-0 between the amount of collection as per Octroi receipts and the amount remitted as per General cash book and that the amount might be recovered As this amount was not recovered and credited to Municipal funds, the objection was carried on from year to year While replying the audit objections of the year 39-40, the President stated that as the objection related to the year 27-28 and as the then employees in Octroi Department, were not literate people, instead of entering 900 account

cocoanuts and 10,000 cigaretts, they entered 9,000 cocoanuts and 1,00,000 cigaretts and that the short recovery referred to was due to the clerical error and that actually there was no short recovery of the octroi duty He requested that the objection may kindly be waived 'But in reply the Comptroller has stated that the amount has to be erecovered from the person responsible for the short recovery or the approval of the Government obtained therefor

A report was called for from the Sub Division - Officer, French Rocks after due enquiry The Sub Division Officer in submitting the report of the Presidents recommends that in the circumstances stated by the President, the objection may kindly be waived

The President states that, as seen from the available statistics, instance of having received 9,000 cocoanuts and 1,00000 cigaretts in a single consignment at any time and that the entry is purely a clerical mistake In the circumstances, he requests that sanction may kindly be obtained for waiving the audit objection

In the circumstances, I request that sanction of Government may kindly be obtained for waiving the audit objection

Sir,

Subject Short recovery of Octroi duty in Seringapatam Municipality
--

With reference to your D O.Letter No L.1665 dated 28-7-47 requesting me to intimate the cause of delay in furnishing a reply on or before which a definite reply may be expected and whether in case there is any further delay in submitting the reply why orders of Government may not be passed directing the recovery of the amount in question from those responsible etc I have the honour to state that the audit objection referrs to the year 1927-28 and the difficulties in fixing the responsibility for recovery have been explained in this Office letter No A5.1696/42-43 dated 3-11-43 to which letter No L 6522/M1 24-43-13 dated 31-12-43 has been received in reply for further examination of the case in the light of the observations made by the Comptroller.

Although this letter and a copy of its enclosure have been sent to the Amildar President of Seringapatam and systamatic reminders are being issued no definate reply has been received Evidently the difficulty of finding out who were responsible for this short recovery which has occurred so far back as 1927-28 has been in the way of his submitting a proper definite reply to the above communication from Government.

In these circumstances, I request that the question of ordering the recovery of this very old shortage or its waiving as previously recommended by my predecessor may be favourably considered by Government.
